Yu Pan

Objective

Looking for a summer internship position related to machine learning, computer vision or software engineering from the beginning of June to the end of August.

Personal Data

Phone: +49 176 3543 2018
Email: y.pan@jacobs-university.de
Github: github.com/ypan0411

Education

Sep 2017 - Current | **Carnegie Mellon University**
Pittsburgh, United States
— School of Computer Science
— One semester exchange program

Sep 2015 - Current | **Jacobs University**
Bremen, Germany
— Bachelor in Computer Science
— Graduation expected in June 2018
— Current GPA: 1.80 on a 1.0 to 5.0 scale

Skills

Fluent in: C/C++, LaTeX, Python
Intermediate Knowledge: SML, Scala, Linux, OpenCV, OpenGL, Mathematica, R, Selenium
Basic Knowledge: SQL, HTML, Matlab, BeautifulSoup, Docker

Work Experience

Sep 2016 - May 2017 | **Teaching Assistant**
Jacobs University, Bremen
— General Computer Science
— Mathematical Software Lab
— Secure and Dependable System

June 2017 - Aug 2017 | **Software Engineer Internship**
Preisenergie, Munich
— Build automated web application testing schema using Selenium
— Execute web scraping using Python with Selenium and BeautifulSoup
— Perform clustering analysis using R

Languages

Chinese: Mother Tongue
English: Bilingual Fluency
German: Basic Knowledge
